OneExpress “per pallet” taxation formula

On a standard base (up to 100x120)
the highest between
height and weight
defines the pallet type

Our goal of providing high quality express freight delivery services is now open to the international market, especially for companies looking for a strong and reliable partner to handle and distribute their goods in Italy.

OneExpress, a great way to think and act flexibly, performantly, accurately and safe like it has never been in Italy before.
